## "THE FLYING CAMP."—1776. (a.)

[Although Pennsylvania furnished apart from the three State Regiments, four thousand five hundred troops for the so-called "Flying Camp," it has been impossible up to the present time to find the names of more than five hundred officers and men. It is hoped, however, that with the increased interest recently taken in hunting up the records of a patriotic ancestry, much may be discovered and preserved. It is greatly to be regretted that the information herewith given is so meagre.]

## CAPTAIN JOHN REED'S COMPANY. (a.)

[Capt. John Reed, the commander of the following company during the Jersey campaign of 1776-77, was the son of James Reed, who located near the south of Powell's creek, Lancaster, now Dauphin county, probably as early as 1728. On maps prior to 1860, the location is marked "Reed's." John Reed had been a ranger on the frontiers during the French and Indian wars, and when the war of the Revolution came he was ready for the conflict. He organized the company of associators which is herewith given, and was in service until after the battles in and around Philadelphia. Capt. Reed died in 1789.]

(c.) To His Excellency the President & the Honorable the Supreme Executive Council of the Commonwealth of Pennsylvania.

The Representation and Memorial of the Officers and Privates of the 9th Battalion of Lancaster County Militia, Humbly Shewith—

That your Petitioners beg leve to Represent, that under the former and presant Militia Laws, the Eight Classes of Militia of the County of Lancaster have been called out and performed two full Tours, and the 7th Class of the third tour is now upon Duty—we Conceive (Councel however are better aquainted with the details of the Militia of the State) that the County of Lancaster has don considerably more than thire proportion of Duty. Several of the Adjecant Counties we are Creditably informed, are not less than 6th Clas's Short of us.

This we consider directly contrary to the intent and meaning of the 29th Sect: of the Militia Law, as well as a Grivance as it is imposeing an unequal burden not only on those who render there Personal Service, hut alsso on such as pay fines for Delinquincy money of whome we know are well affected, but from perticular and unavoidable Circumstances cannot give thire Personal Attendance.

Your Memorialists therefore pray Your Excellency and the Honl. Council will take the Premisses into Concidiration and redress our Grivances.

And they as in duty bound will pray &c.

limits therof—You will Observe as to the Tallow offal &c. the directions of Congress contained in their Resolution of the 11th. Octob. 1777 in the Words following.

"Resolved

That the commissary General of Isues his deputies & Assistants, and all persons employ'd under him or them deliver over on demand to the Commissary of hides, all Hides Tallow fat and offal of all Cattle Killed for the Use of the Army, taking a Rect. for the same; any order or Direction of any Person or Persons to the Contrary notwithstanding."—

"That the Said Commissary of Hides shall receive and take care of the Tallow and all other Useful Offal of the Cattle belonging to the United States—and see that the said Tallow is properly Rendered & made fit to be Manufactured into Candles & Soap for the Use of the Army, and shall deliver the Said Tallow so rendered to the Commissary General of Purchases, or his Order taking Receipts for the same, reserving so much of the Said Tallow as may be necessary for the Manufactory of the leather and the use of his Own Departments.

In addition to this we Recommend to you to procure as much oil as possible from the feet of the Cattle for the purpose of Currying leather—When the Army is in Your neighborhood the Superintendent of Cattle will se that the Hides & Tallow are Seasonably delivered to you by the commisaries with the Army—You will Represent to the Board what assistants & Clerks will be necessary in Your District and on being informed we will transmit appointments for such as We deam necessary—As by the regulations of the Cloathing department it is recommended to the Governments of the respective States to purchase Cloathing for the Troops of their Several Quotas and as no doubt Shoes will be directed to be purchased in Consequence of this Recommendation we desire you will consult with the Executive Powers of the States of Pennsylvania Delaware & Maryland on this Subject & Cultivate all Posible harmony with them in this and every Other Part of your Business that no clashing may happen & the Prises of the Article be raised by a Compitition of Purchasers—

You will have the weight of the hide when green Cut on the But thereof. And when you are obliged to put Hides out to tan, you will Provide a Stamp or Brand with the letters U. S. for marking Such hides befor a delivery to the Tanners on the grain Side, so that the Same may be distinguish'd when tanned as Continental Property & Prevent Impositions in Sub-

stituting Inferior hides for those belongg. to the United States—You will Also have Express'd in the Rects. for Hides put to Tan their Weight as well as their Mark and the Number of them. There have been such Impositions in the Shoes Supplyed for the Army, we add this farther direction, that each individual Pair be Carefully Examined in every Part for the Purpose of discovering Frauds—These are generally in putting in bad leather, Cutting the quarters low the Vamps Short, almost Cutting through the Soal in hallowing the Heel bad Sewing Particularly the upper leather to the inner Soal which being Out of Sight few stitches are taken and they Presently come to Peices—We would have the Shoes made with a full Proportion of large ones, the quarters high and rather Short and fitting Close about the foot the Vamp coming up above the Buckel—You are also to Stamp Your Name on the Outside of the Soals of all Shoes procured by you—

You will in every hundred Pairs of Shoes either made or bought procure eight Pairs (& no more) fit for officers—As much Perplexity & Loss have arisen in the Business from the Variety of Persons heretofore employed in making Exchanges, and the Many Orders on the Commissarys for the delivery of hides, and as we deem you and your Assistants fully competent to Manage the Whole business within your district, you are hereby strictly forbidden to answer any Such Orders, given after your receipt of these Instructions unless they are Isued by the Authority of the Commander in Chief—

As there will be no Continental agents to interfere with you in Your district, & the Whole business is Committed to your Care, we Expect your utmost exertions will be used in procuring immidiate & Constant Supplies of Shoes for the Troops, who without great diligence in the Commissaries of Hides we fear will greatly Suffer.—

Given at the War Office the fifth Day of August Anno Domini 1779 & in the Fourth Year of our Indecendance.
